REFERENCE: Staff Study of 17 December 1962 Regarding Purchase of
[] Comparator.

25X1A
25X1A
25X1A
25X1A

1. Discussions with [] technical representatives,
[] resulted in the following
modifications to the [] comparator that we wish to purchase:

- a. A high intensity light source is desired.
- b. Complete field illumination.
- c. The possibility of adapting a projection capability at a later date as an optional feature.
- d. Adopt present reference marker.
- e. Optional 15x eyepiece for magnification greater than 30 power.

2. The cost of the instrument was quoted at [] the price includes adaptation of read-out heads but not the heads themselves. Delivery in 7 months.

25X1A

3. Type of read-out to be determined at a later date. Read-out choice will in no way interfere with manufacture of comparator.
